

KEEPING YOUR BUILDING SAFE AND EMPLOYEES HEALTHY IS OUR BUSINESS.

We manage the products that help you and your employees prevent the spread of COVID-19.

THE PROBLEM

In the midst of supply chain disruptions due to a worldwide pandemic, trying to source, procure, distribute, and warehouse sanitizing products, hygiene supplies, and personal protective equipment can feel like a daunting task.

OUR SOLUTION

axisLinx + Concierge Service

AxisLinx is a digital platform that brings clarity and efficiency through data and analytics by linking suppliers and owners in one place.

Real-time visibility helps you better handle all aspects of facility-related operations, including sourcing, procurement, warehousing, and distribution.

Streamlined communication comes in the form of a Project Manager who offers concierge-level service and real-time communication, which increases efficiency and ensures accuracy.

FEATURES & BENEFITS

ONE CENTRALIZED PLACE

Our software directly connects manufacturers and end users together for ease and efficiency.

WAREHOUSING & DISTRIBUTION

Our centrally located distribution center allows us to manage large deliveries into our facility, break them down, repack and deliver as our clients want and need their supplies.

MULTI-INDUSTRY LEVERAGE

By bringing together several industries, we drive down initial costs.

WE TAKE OWNERSHIP OF ALL PRODUCTS

We physically purchase on behalf of our clients, ensuring success for all parties.

SUPPLIER CONSOLIDATION

We gather all suppliers in one space, reducing the time and energy you spend looking for the right products.

EMPOWER OWNERS AND SUPPLIERS

Through reporting between every entity, each team is armed with the knowledge to make better decisions.

TRANSPARENCY THROUGHOUT

All costs are disclosed, plus you have end-to-end product visibility. In addition, we offer real-time metrics, such as total cost and more, to measure and deliver success.

MITIGATE RISK FOR ALL PARTIES

You receive optimal products and services from only vetted suppliers.

REDUCE OVERALL COSTS

The features and benefits come together to offer the best benefit of all—reducing **initial**, **landed**, and **maintained** costs.
